

Walter
Franks

ABOUT

I plan to build experience with web design, typography, and illustration so that I can ultimately work with my dream clients: large nonprofits, NGOs, and humanitarian businesses.

I am intrigued by diversity. My ideal workplace would be full of different ideas bouncing everywhere, critiques, and revisions. I love the little things that may go unnoticed to some: typography, icons, & layouts.

SKILLS

Photoshop
Illustrator
InDesign
After Effects
Dreamweaver
Flash
WordPress
HTML
CSS
Typography
Logo
Motion Graphics
